

Dear Matrix Business Capital,

Thank you for the opportunity to be a part of your team. The skills that I have learned at Matrix have not only opened new possibilities for my career, but for my life as a whole. It has been a pleasure working with all of your staff and I am proud to be able to say that I was one of the founding members of a company that stands for integrity, teamwork, personal development, health, and a profound commitment to make sure that all of the people we serve have the best experience possible. Matrix helped me get my driver's license, my first Mercedes Benz at the age of 19, realize the endless possibilities for my life and the possibilities of others, live a healthier and more energetic life, and taught me the importance of continuous self-improvement and education. I truly believe that Matrix Business Capital has given me the foundation for the rest of my life. I hope to stay in touch with all of you so that we may see each other's dreams come true.

Sincerely,
Jesus D. Negrete
